Source : Information & e Government Authority, Kingdom of Bahrain

e) Potential item of imports from India

| S No | Commodity (6 Digit HS code) | Rationale (Max 200 words) |
|------|---|---|
| 1 | Engineering Goods & Projects Exports (401180) | - In view of upcoming Infrastructure, and Energy projects including renewable Energy in Bahrain, there is a considerable scope to increase Engineering goods & project exports. There is export target of USD 350 million for engineering goods in which we have already exported products worth USD 293.01 million till January 2023. Mission has commissioned a market study on engineering goods to understand and to identify the opportunities to increase export of engineering goods to Bahrain to realize target set for 2022-23. |
| 2 | Jewellery of gold (71131910) | - Bahrain is famous for its lustrous original pearl and the |

| | | |
|---|---|---|
| | | purity of gold, as these commodities are in great demand in Bahrain. There is a target of USD 70.63 million for export of Gem & jewellery in which we have already exported products worth USD 78.31 million till January 2023. |
| 3 | - Pharmaceuticals (300220) - Medical And Surgical Instruments (902214) | - India's share in Bahrain's pharma market has remained less than 2% of its import. Patented medicines and foreign drug companies dominate the Bahraini pharmaceutical market. However, the generic drug sector is expected to grow as the government is looking to raise health awareness and control costs. This provides Indian pharma companies opportunity to make inroads in Bahraini market. The Indian Pharmacopoeia (IP) recognition, taken up by the Mission, in Bahrain will also help in boosting the pharma exports and in supporting the 'Atmanirbhar Bharat' initiative. |
| 4 | Agro products (070960) | - There is considerable scope to increase export of organic food, processed cereals, protein bars, healthy beverages, dairy products etc. |
| 5 | Renewable Energy (850231) (854370) | - Bahrain has set target of net zero carbon emission by 2060 and has accordingly revised the renewable energy target to 20% by 2035. Hence, there is scope to increase our export of renewable energy products & services. |
| 6 | Rmg of all Textile Items (600320) | - There is a target of USD 16 million for export of Ready made garments textile in which we have already exported products worth USD 15.34 million till January 2023. |

B. Qualitative

| | | | | | |
|---|---|---|---|---|---|
| 0 | 1 | 2 | 0 | 2 | 3 |
|---|---|---|---|---|---|

- Month : Alerts on customs tariff changes:

| S.No. | Notification no. and date | HS code | Description | Original customs tariff | Present customs tariff | Effective from | Remarks if any |
